

M.V Ashika Reddy

Security Engineering Intern — Secure Backend Development — Authentication Systems — DSA

8919554943 | ashikareddymajjiga@gmail.com | LinkedIn | GitHub

Andhra Pradesh, India

SUMMARY

Computer Science undergraduate with strong foundations in secure backend development, authentication systems, and data structures algorithms. Experienced in building secure MERN-based applications with JWT authentication, bcrypt password hashing, API validation, and secure database design. Passionate about cybersecurity and secure software engineering.

EDUCATION

KL University Bachelor of Technology in Computer Science Engineering CGPA: 9.8 / 10	2023 – 2027
Narayana IIT College Intermediate Percentage: 90%	2021 – 2023
Narayana School School Percentage: 99.0%	2020 – 2021

PROJECTS

Personal Expense Tracker — MERN Stack Project Link — GitHub <i>Completed</i>	2025
- Developed and deployed a full-stack expense tracking application using the MERN stack - Built secure RESTful APIs using Node.js and Express for efficient request handling - Designed optimized MongoDB schemas for secure data storage and retrieval - Implemented authentication and input validation for secure user access - Developed expense categorization and analytics dashboards for financial insights	

TECHNICAL SKILLS

Languages:	Python, JavaScript
Backend:	Node.js, Express.js
Databases:	MongoDB, SQL
Security:	JWT, bcrypt, Authentication, OWASP Basics
Tools:	Git, Postman
Core CS:	DSA, DBMS

SECURITY KNOWLEDGE

- Authentication & Authorization
- Password Hashing
- Secure Session Management
- OWASP Top 10 (Basic Understanding)

CERTIFICATIONS

- Linguaskill General English Assessment Certification (CEFR Level B1) – Cambridge Assessment English, 2024

POSITIONS OF RESPONSIBILITY

- Served as One of the Group Captain, demonstrating leadership and team coordination skills

SOFT SKILLS

Communication, Teamwork, Problem-solving, Adaptability

LANGUAGES

Telugu (Native), English (Proficient)
